

Drywall and Thin Coat Beads

Galvanised beads for internal thin-coat plaster application.

Locusrite Mini Mesh Bead

Description and Application

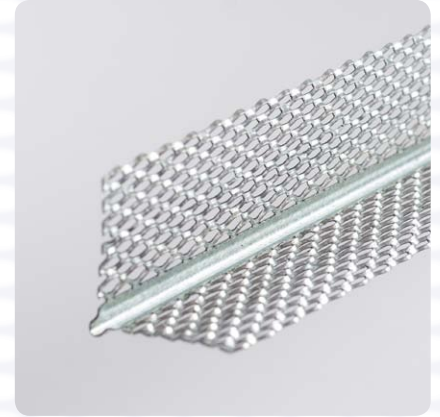

Available in 2.4m, 2.7m and 3.0m lengths in galvanised material only.

Mini Mesh Bead is used to reinforce and protect one-coat finish of plaster on corners at its weakest point on internal walls and plasterboard. The mini mesh bead has a greater area of expanded metal therefore gives a better mechanical key.

Specification

All galvanised materials are manufactured from steel to DX51.BSEN 10142 (g 275).

Manufactured in accordance with BS6452 Part 1: 1984.

Mini mesh Bead is available in boxes of 50 lengths per carton.

Code	Material	Length (m)
GMMB24	Galvanised Steel	2.4
GMMB27	Galvanised Steel	2.7
GMMB30	Galvanised Steel	3.0
